Subject: Casper Tear Gas Site

Joyce:

An attorney from Casper called me today and said he would be representing Defense Technology Corporation (He will send us a letter confirming representation). He also requested your telephone #, so you can expect a call. He will be helping DuBay draft the company response to our Information Request.

Yesterday ,as I informed you, I spoke with the Armor Holdings (parent of Def-Tech) Legal Affairs, VP. (Todd Smith). I told him we would expect a response no later than October 01. I will be sending out a letter to DuBay and Smith to that effect.
